## Objectives

I look for an opportunity where I can focus on a challenging career in an organization which give me a scope to update knowledge in every step. I must prove myself as a good team member and perform my duties with best abilities to deal with as many projects try my level best to get success.

## Technical Skills

- HTML 5
- CSS
- BOOTSTRAP 5
- JAVA SCRIPT
- REACT

## Project Experience

### Title: Online Shopping Website

**Description:** I have created a Shopping Website using context API and useReducerHooks. It contains two pages home page and the cart page. The home page contains the products with their unique price, rating, search bar to search products, button to add products to the cart and a filter that can filter the products according to the user's wish. Cart page is the second page which is accessed using the cart icon it displays the products that are selected by the user along with the total value, the selected products can be modified by using the delete icon.

**Technology used:** HTML, CSS, BOOTSTRAP, REACT

## Educational Qualification

- B.Com(Computer Application) from St.Xaviers's College, Tirunelveli in 2020.
